This product contains MOLLE webbing that will allow you to attach other pouches using the MOLLE system.

PRODUCT DESCRIPTION

Warrior's Low Profile MOLLE Belt (LPMB) offers a 2 stage low profile platform capable of carrying a wide variety of mission specific pouches and holsters including Drop Leg rigs. Part one is a reinforced slimline belt that is covered in loop Velcro and is designed to be threaded through the operator's belt loops and acts in the same way that a traditional belt would. The second part of the system is made up of a low profile MOLLE belt covered in 2 rows of webbing, this belt has a row of hook Velcro on the inside which marries up to first belt, it is then secured by way of a removable belt and composite GT Cobra buckle. This belt can be removed at any time and substituted for a Riggers style belt if required. The LPMB allows a very stable draw when using belt mounted holsters as there is no movement due to the Velcro bond between both belts.

SIZE MEDIUM: From Waist 34" - 86cm
 SIZE LARGE From Waist 38" - 96cm
 SIZE EXTRA LARGE From Waist 41" - 104cm

Weight:
 Size Medium no Belt - 0.34kg
 Size Large no Belt - 0.37kg
 Size Extra Large no Belt - 0.395kg
 Size Medium with Polymer Belt - 0.425kg
 Size Large with Polymer Belt - 0.455kg
 Size Extra Large with Polymer Belt - 0.485kg

*For use with your own belt
