This product contains MOLLE webbing that will allow you to attach other pouches using the MOLLE system.

PRODUCT DESCRIPTION

The DCS is a lightweight low profile system which is rugged yet ergonomically designed to provide exceptional comfort and functionality. Designed with direct input from active S.F. Operators the DCS is suitable for both Special Forces requirements and PSD Operations.

The shoulders are fully adjustable and have an emergency release on one side which frees the left hand side shoulder section and allows the operator to remove the rig without having to remove his helmet. The side sections of the DCS are fully adjustable for size and can be adjusted in under 15 seconds. 3D spacer mesh lining is used for comfort and allows body heat to move away from the bodies surface while assisting in air flow to provide cooling.

The DCS was developed to be worn in tandem with the Warrior PLB Belt, Frag Belt and Low Profile Molle Belt (sold separately).

The DCS M4 variant comes complete with 5 x Warrior Elite Ops M4 Mag Pouches, each pouch holds 2 x 5.56mm x 45mm Magazines. Also includes 2 x Small Utility/Medic Pouch.
